**Series 3300 Maple Grove, MN** -Running 12 to 14 hours a day?  
No problem for Timesavers Series 3300. This series is designed to give you the production you need at an affordable price. Loaded with standard features that other manufacturers only offer as options, and available in standard sanders, knife planer/sanders, electronic segmented platens, and now our new Rotary Brush machines, this machine covers all your needs at a great price, a true value.

See Timesavers at IWF in booth **#5713**.
